

# ASM ADVANCED SLAB MOULD

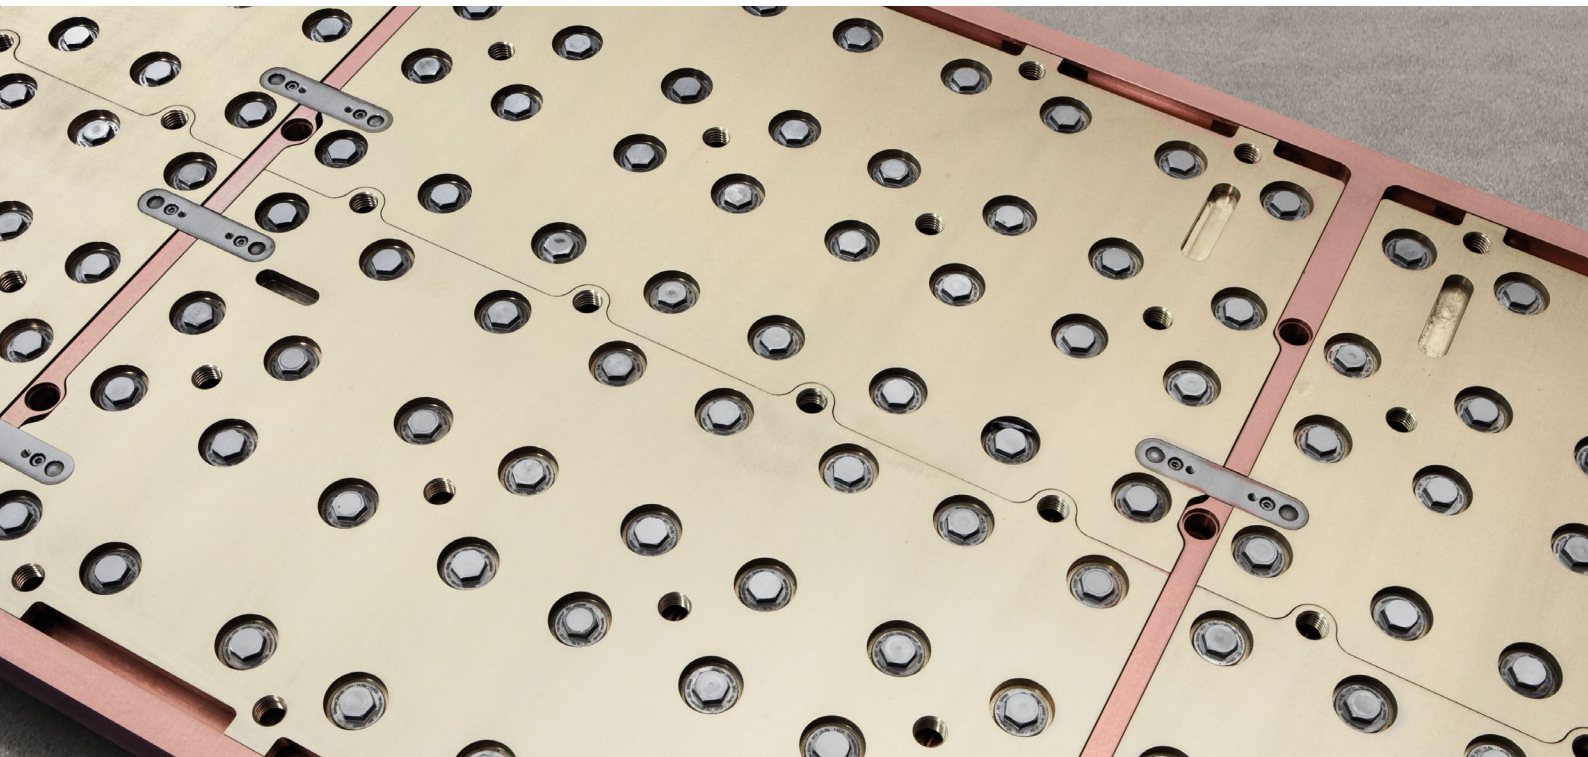

---

## CHALLENGE

- Optimize cooling of standard mould plates and improve slab quality

## SOLUTIONS

- Uniform water gap cooling design
- Low stress AFM® mounting technology (KME patent)

## APPLICATION

- All slab mould plates

## ADVANTAGES

- Homogeneous temperature profile - no hot spots
- Higher heat transfer rate
- Higher lifetime due to reduced thermal stress
- Low retrofitting costs
- Compatible with existing water box design
